

Electriphi (acquired by Ford Motor Company)

05.2020 - 08.2020

Helping electrify the future

I designed a web application focused on helping fleet managers understand the total cost of building and operating an electric vehicle fleet

Electriphi (acquired by Ford Motor Company)

05.2020 - 08.2020

Building out a design system

I built out Electriphi's first design system and re-designed their energy management platform
